POST INSULATORS * BUSHING INSULATORS * INSULATION PRODUCTS * SERVICES

Post insulator 3 kV type IW22.01

1. Insulation material:
epoxy compound
2. Parameters according to PN-IEC 60273
3. Tested according to PN-EN 60660
4. Max screw tightening torque:
- M10 - 30 Nm
5. Indoor insulator

Rated insulation voltage	3 kV
Lightning impulse withstand voltage	9 kV
Dry withstand alternate voltage (50Hz, 1 min)	5 kV
Bending strength Po	4 kN
Creepage distance	50 mm
Weight	0,1 kg

Possible to make screws according to client's requirements.
