POST INSULATORS * BUSHING INSULATORS * INSULATION PRODUCTS * SERVICES

Post insulator 17,5 kV type JO4-95

1. Insulator material:
epoxy compound
2. Parameters according to PN-90/E06322/01
3. Tested according to PN-91/E-06340
4. Max screw tightening torque:
 - M12 - 50 Nm
 - M16 - 120 Nm
5. Indoor insulator

Rated insulation voltage	17,5 kV
Lightning impulse withstand voltage	95 kV
Dry withstand alternate voltage (50Hz, 1 min)	50 kV
Bending strength Po	4 kN
Creepage distance	284 mm
Weight	1,1 kg
